## GROUP TRAVEL ITINERARY

### ABOUT

Exmouth is one of the oldest and most picturesque seaside towns in Devon. The town is the gateway to the Jurassic Coast World Heritage Site and has two miles of sandy beach, which is perfect for walks and water sports.

Exmouth is on the south east coast of Devon, where the River Exe meets the sea. Close to Exeter, this vibrant town offers plenty of walking and cycling routes, water sports and local shops and restaurants to enjoy all year round.

### THINGS TO SEE & DO FOR GROUPS

Exmouth has all the ingredients you could wish for: natural beauty with two miles of golden sand, the longest seafront in Devon and Cornwall; many free outdoor events; and independent shops, markets and restaurants.

Exmouth is proud to have gained itself a reputation as a 'Town of Flowers' as a result of the hard work and dedication of the Exmouth in Bloom team. Why not pick up an Exmouth Flower Trail leaflet from the Tourist Information Service and be guided through the best of the flora the town has to offer?

The #95 bus is the perfect way to get to World of Country Life, a family-owned visitor attraction filled with a huge array of animals. Opened in 1978, it has an eclectic mix of museums, animals, play areas and entertainment both indoors and under cover, making an excellent day out, whatever the weather.

## EXMOUTH BEACH

The beautiful sandy beach is perfect for summer days at the seaside, building sandcastles, beachcombing, swimming or playing in the rockpools. Exmouth is known as a regional centre for watersports, particularly kite surfing, kayaking, paddleboarding and windsurfing. A new watersports centre, Sideshore, opening in 2020 will be the place to take part or to simply sit and watch the amazing activities and sports on offer. Alternatively, you can take a scenic boat trip, listed as one of the 'top family attractions in Devon'. Cruise the beautiful River Exe or see the Jurassic Coast World Heritage Site which dates back over 250 million years.

## CYCLING

Exmouth has one of the country's best cycle and walkway paths: the Exe Estuary Trail (part of the National Cycle Route 2) towards Exeter. Boasting stunning views of the estuary, this cycling and walking path is hugely popular, passing many wildlife spots, coastal villages and towns. Bikes are available for hire in the town centre. In the other direction, along the coastline, the South West Coast Path offers gentle walking out of Exmouth as it enters the East Devon National Landscape. On the Coast Path at Orcombe Point, at the end of Exmouth Beach, you'll pass the Geoneedle which marks the beginning of the Jurassic Coast World Heritage Site.
